Review report of the Independent Auditor To the Shareholders of Hayah Insurance Company P.J.S.C.

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Hayah Insurance Company P.J.S.C. (the "Company") as at 30 June 2025, and the related condensed interim statement of profit or loss, condensed interim statement of other comprehensive income for the three-month and six-month periods then ended, and condensed interim statement of changes in shareholders' equity, condensed interim cash flows for the six-month period then ended, and other related explanatory notes. Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Accounting Standard 34 ("IAS 34") *Interim Financial Reporting*. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34 "Interim Financial Reporting".

1 (a) Legal status and activities

HAYAH Insurance Company P.J.S.C. (the "Company") is a public joint stock company, registered and incorporated in the Emirate of Abu Dhabi, United Arab Emirates on 26 July 2008. The Company is registered in accordance with UAE Federal Law No. (48) of 2023 concerning Insurance Companies and Agents and is governed by the provisions of the Federal Law No. (32) of 2021 concerning the commercial companies, Central Bank of UAE Board decision No. (25) of 2014 pertinent to Financial Regulations for insurance companies and Insurance Authority's Board of Directors Decision No. (23) of 2019 concerning Instructions Organizing Reinsurance Operations, and is registered in the Insurance Companies Register under registration No. (83). The Company's ordinary shares are listed on Abu Dhabi Securities Exchange (ADX) and its principal activity is providing health and life insurance solutions.

The registered office of the Company is located at Floor 16, Sheikh Sultan Bin Hamdan Building, Corniche Road, P.O. Box 63323, Abu Dhabi, United Arab Emirates.

1 (b) Going concern

The Company incurred a loss during the six-month period ended 30 June 2025 of AED 3,018 thousand (30 June 2024: profit of 2,533 thousand) and as of that date it had accumulated losses of AED 81,854 thousand (31 December 2024: AED 78,675 thousand). The validity of going concern assumptions is dependent upon future operations and the ability of the Company to generate sufficient cash flows to meet its future obligations. The Company's directors are, therefore, confident that the Company will be able to meet its liabilities as and when they fall due and to carry on its business without a significant curtailment of operations. Accordingly, this condensed interim financial information has been prepared on a going concern basis.

1 (c) Accumulated losses

Investment	contract	asset	and	liability	for		
employee s	saver produ	ıct*			_	29,982	26,400

*During 2022, the Company initiated a new savings product "Employee Secure Saver", whereby the Company receives contributions from third party companies ("policyholders") relating to the end of service benefits of their employees ("participants"). The product ensures a guaranteed fund to its participants and does not transfer significant insurance risk to the Company. Therefore, this product has been classified as an investment contract and accordingly, a financial liability has been created against the contributions received from its participants. This liability does not have a contractual maturity, and these funds can be withdrawn anytime upon the participant's death, retirement or resignation from the policyholder companies. Further, the Company has a contract with its reinsurer who is the ultimate guarantor of this fund and therefore all the contributions received are transferred to its reinsurer. Accordingly, an equivalent amount has been booked as a financial asset representing the funds transferred and receivable from its reinsurer with respect to this product.

A summary of contributions and redemptions from the above product is given below:

11 (Loss) / earnings per share

Basic (loss) / earnings per share is calculated by dividing the (loss) / profit for the period after tax attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share amounts are calculated by dividing the earning for the period attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares used to calculate basic earnings per share, plus the weighted average number of ordinary shares that would be issued on the conversion of all dilutive potential ordinary shares into ordinary shares.

The following table reflects the (loss) / earnings and shares data used in the (loss) / earnings per share computations:

13 Contingencies and commitments

Contingencies

As at 30 June 2025, the Company had contingent liabilities in respect of bank, other guarantees and other matters arising in the ordinary course of business from which it is anticipated that no material liabilities will arise, amounting to AED 2,000 thousand (31 December 2024: AED 2,000 thousand).

Commitments

No estimated capital call commitments contracted for at the statement of financial position date (31 December 2024: AED 99 thousand).

14 Fair value of financial instruments

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of IFRS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

For investment in private debt fund, the fair values are based on Net Asset Values (NAV) calculated by the respective fund managers. The valuation of this debt fund qualifies as Level 3 fair value measurement. There were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into or out of Level 3 fair value measurements during the period. Except for the above, management considers that the carrying amounts of financial assets recognised in the financial statements approximate their fair values.

16 Credit risk

The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties, and continually assessing the creditworthiness of counterparties. The Company has robust governance in place to ensure the appropriateness of the IFRS 9 framework and resultant ECL estimates are being reviewed continuously by the Company's regional investments team.

17 Capital risk management

The solvency regulations identify the required solvency margins to be held in addition to insurance liabilities. The solvency margins (presented in the table below) must be maintained at all times throughout the year. The Company is subject to solvency regulations which it has complied with during the period. The Company has incorporated in its policies and procedures, the necessary tests to ensure continuous and full compliance with such regulations.

The table below summaries the Minimum Capital Requirement, Minimum Guarantee Fund and Solvency Capital Requirement of the Company and the total capital held to meet these required Solvency Margins as defined in the regulations.
